To our many friends—OLD AND NEW—we wish to thank them for past business and looking forward to giving them the same service and first class Nursery Stock that they should expect and **WILL RECEIVE** when trading with us.

THESE HARD TIMES?

ALL DEPENDS ON WHAT YOU MEAN BY "HARD"

George McKee, Anderson, S. C., says times are not hard. Here's the way George puts it:

"Don't talk to me about hard times. I was born 8 miles from a railroad, 5 miles from a school house, 9 miles from a church, 885 miles from New York, 200 yards from a wash hole, 15 feet from a cornfield and 8,767 miles from Hongkong.

"Our nearest neighbors lived two miles away and they couldn't read or write. I never saw a suit of underwear until I was 17 years old, and that revelation didn't belong to anybody in our family. The only book in the house during my early childhood was a Bible and a catalogue somebody sent us.

"There were twelve members in our family, but, you see, we had three rooms to live in, including a dining room, which was also the kitchen. Everybody worked at our house. We thought everybody else in the world had gravy and bread for breakfast, liver and cracklin' hoecake for dinner, buttermilk and corn pone for supper, 'cause that's what we had—and liked it."

"Some of us wore brogan shoes occasionally in the wintertime. We had nice white shirts for summer time use. We slept on straw ticks, and pillows were not thought of or required. I didn't know that money would rattle until I was nearly grown. Father got hold of two half-dollars at the same time, and let us hear them rattle. Taxes were not higher, but harder to pay than now.

"We owned two kerosene lamps, neither of which had a chimney. Our house wasn't ceiled, but two of our rooms had lofts in them. We had a glass window in our 'company' room. Our nicest piece of furniture was a homemade rocking chair. Our beds were of the slat and tight rope variety. The 'trundle bed' took care of all the younguns under 5 years of age, and it stayed full all the time.

"We went to school two or three months in the year, but not in a bus. We attended church once a month, but not in a car; we used a two-mule wagon. We dressed up on Sundays, but not in silks or satins. We neither wrote letters nor received any. We made our own lye hominy, distilled our own lye from our own ash-hopper. We drank sassafras tea and never had a yearning for coffee.

"We sopped our own molasses; we ate our own meat; we considered rice a delicacy for only the preachers to eat; we had heard of cheese, but never saw any; we knew of some store-bought clothes but never hoped to wear any; we got a stick of candy and three raisins for Christmas and were happy; we loved pa and ma and were never hungry, enjoyed getting naked, didn't want much, expected nothing. And that's why our so-called hard times ain't hard on me."

WHO PLANTED THE FIRST GARDEN?

“And the Lord God planted a garden eastward in Eden; and there he put the man whom he had formed. And out of the ground made the Lord God to grow every tree that is pleasant to the sight, and good for food.” Genesis 2: 8 and 9.
